Program Report:

Keeping in view the growing imbalance in the man woman ratio in the field of STEM few questions were asked by the moderator – Mrs V.H.S Pallavi. A discussion was carried out and the panellists expressed their thoughts and shared the challenges they face as women employees in the field of Science. A total of 310 students attended the event. The invited guests inspired and encouraged the girl students to excel in profession and to keep moving in life with passion & commitment. Mrs. S.Sravani, member, WE Cell, rendered vote of thanks.

Program outcome

1. The concept of Panel Discussion has increased student engagement.
2. The students were inspired by the thoughts & words of panellists.
3. The students got insights on issues faced by working women in STEM.
4. The program motivated them to achieve goals and fulfil their aspirations.
