

National Webinar on Natural Products & Health Benefits

- Department of Biochemistry & Zoology, St. Joseph's Degree College organized a National Webinar on "Natural Products & Health Benefits" on 9th July 2020.
- The resource person for this webinar was Professor Vadlapudi Kumar, Chairman, Department of studies in Biochemistry, Dean of Science and Technology, Davangere University, Davangere, Karnataka. He received his Ph.D. in Biochemistry, Sri Krishnadevaraya University, Anantapur. He has got 23 years of teaching experience and 26 years of research experience. Prof.Kumar published 65 research publications in various national and international journals. He guided 16 students for PhD and 5 students for MPhil degrees. At present 6 students have been working for PhD under his guidance.
- The main objective to organize this webinar was to create awareness on natural plant products like alkaloids, terpenoids etc and their medicinal importance and their role as immune boosters which has a great significance during the current pandemic situation.
- Over one hundred people from different parts of India participated in the webinar and interacted with the resource person enthusiastically during the discussion part of the webinar.
- Outcomes of the webinar are to
 - Create awareness on naturally available medicinal plants
 - Understand the functions of phytochemicals extracted from medicinal plants
 - Understand the importance of alkaloids in the treatment of diseases like diabetes and cancer.
